DANIEL CALATAYUD

Daniel Calatayud is a senior architect with research aptitude for the Department of Urban Planning and Territorial Planning of the ETSAU. His PhD thesis (in process) is about "ecological footprint of urban models". He is professor of the Department of Urban Planning and Territorial Planning of the ETSAU of the UPC. He is also a professor of the official Master of the UPC of Sustainability. Throughout his career he has several publications about the impact of the architect profession in the environment and in the city. He has won the Environment Award by Generalitat de Catalunya, initiatives for protection and improvement of the environment, in the sustainability in the constructions section.
